Leslie,

This reply provides SITLA concurrence with DOGM's bond estimate of \$27,100 (until 2015), or \$27,700 (until 2017) for a five acre mine site proposed by Wilkinson Construction Company under SITLA permit #ML 52190-MP. Thank you.

John - I have reviewed the Notice of Intention for a Small Mine permit for the Bates Knolls Mine by Wilkinson Construction Co in Uintah County. They have requested the following :

- Ground disturbance - 5 acres (mine area)

The reclamation surety is determined to be either \$27,100 (until 2015) or \$27,700 (until 2017) for the 5 acres. A review letter has been sent to the operator. A tentative letter will be drafted after his amendments have been received. The NOI and letters can be found on our web page at www.ogm.utah. Please send your concurrence via email. If you have any questions please call me at 801-538-5257

thx-lah
